Superintendent Crane of the Reno Star mine went to San Francisco last night. He expects to return Monday.

L. H. Pritchard was down from Florissant yesterday. Lou Heck has returned from Tonopah. He will not be back until spring.

Another Box Needed.

The attention of the chief of the fire department, the chairman of the town board, the poundmaster, or whoever looks after these things, is respectfully directed to the need of a fire alarm box at the corner of Commercial and Virginia streets. This is the most central place in town and one from which a number of alarms would have been rung in during the past year if the wharf had been provided.

A Fireman's Superstition.

It is five months since Reno was visited by a fire of any consequence, but from the number of false alarms that are being turned in at present, there is probably a big one coming. The old saying is, "Three alarms and then a big fire."

Students' Leavetaking.

Nearly a hundred tickets were sold yesterday morning to University students on their way home to spend the holidays. A two weeks' vacation began yesterday.

Cedar and Juniper.

The caravan of wood teams is still plying between Reno and the Cedar and Juniper hills. Usually the road is closed to traffic earlier in the season.

Greenery Galore.

A number of the business houses in Reno are gaily decorated for the holidays and evergreens are beginning to make their appearance along the sidewalks.

Home for the Holidays.

Very few commercial travelers are registered at the different hotels in Reno. The knights of the road are nearly all home for the holidays.

Sol at Capricorn.

At three minutes before four o'clock this afternoon, the shortest day of the year, Old Sol will dip his head across the mountains west of town.

Commencement Address.

Principal Bray has gone to Gardnerville to deliver the address at the high school graduation exercises there this evening.

Good Price for Cattle.

A buyer representing the Oakland Meat Co. bought a lot of Carson Valley beef this week at 8 cents.

Plenty of Material.

The local yards have well on toward two million bricks on hand in readiness for the building boom next spring.

AT NOON TODAY

Call at the J. J. Decker Saloon for a nice hot lunch with a glass of Fredrickburg extra pale or a cup of vigorous, celery beef, or tomato soup. Just the thing for these cold days.

IN THE HALLS OF CONGRESS

Yesterday's Happenings Under the Great White Dome at Washington.

The House will take up the Canal bill on the seventh of January.

Representative Jenkins has introduced a bill for the regulation of trusts.

Secretary Gage will resign from the cabinet as soon as his successor is selected.

The report that Secretary Hay would leave from the cabinet is said to have been unauthorized.

Admiral Sampson has filed a protest to Admiral Dewey's findings in the Schley case.

President Roosevelt will summarily dismiss Appraiser Wokeman who made an attack upon Secretary Gage.

Representative Wood has introduced a bill for the erection of a plant for the manufacture of small arms at Sacramento.

Senator Hanna yesterday introduced a bill granting a pension of \$500 a year to Mrs. McKinley, widow of the late President.

The Treasury Department has issued a circular extending the prohibition against the importation of meat cattle from Australia and New Zealand into the United States, so as to include Hawaii, it being a territory of the United States.

Gold Frames for photos at Porteous.

Patrick Henry Passes Away.

Patrick Henry, one of the best known citizens of Truckee, and a former Renoite, died yesterday at his upriver home. He had been ill only a few days. Pneumonia was the cause of his death.

Mr. Henry was aged 47 years. He had a number of relatives in this city. The funeral will be announced later.

Mathematical Goods at Porteous.

Joe Explains Matters.

Joe Leachman called at The Journal office yesterday and stated that he was not to blame for the accident Thursday, that the milk wagon with which his horse collided came out of an alley and that a collision could not be avoided. The damages have been settled.

A Social Event.

The Junior Prom was held in the gymnasium Thursday evening. A large party was in attendance and this, one of the chief social events of the collegiate year, passed off very smoothly.

Installing Machinery.

Work is progressing steadily at the new ice factory. Machinery is being installed. The condenser and the brine and fresh water tanks are in position, ready for piping.

Birds of Passage.

About twenty people arrived from Tonopah yesterday, driven out by the cold weather. Only the workers will spend the winter there. The buttermilk can't stand the climate.

A HANDSOME PRESENT.

A beautiful line of elegant hand painted China at Golden's Jewelry Store. Call and examine our stock, the finest on the coast.

OFFICER NASH'S LONG JOURNEY

Has Walked Three Times Around The Mundane Sphere.

Around the world afoot. This sounds like an impossible feat, but there is a man in Reno who has done it, not once, but three times.

Uncle Dick Nash, the faithful night-watchman, has in the course of his fourteen years' service for the city, walked a distance estimated at 76,440 miles.

Every night in the week, every week in the month and every month in the year since 1887 he has walked up and down from sunset till dawn through streets and alleys.

His pace is slow and steady. Probably the distance covered each night is 20 miles, but, to be conservative, estimate it at 15 and the total given above—more than three times the length of the equator—will represent his journeyings.

His travels have not always been through peaceful thoroughfares. Several times he has been shot at by evil-doers. Once the brim of his hat was pierced by a pistol ball and at another time he was shot so seriously that his life was despaired of.

The people whose homes, and business houses he guards, avenged what they believed to be his death and hanged the man who shot him to the iron bridge—a hundred reputable citizens of Reno pulling on the rope.

Uncle Dick has a comrade now in addition to the regular constabulary. Frank Farrell is also making the rounds. He walks a little over fifteen miles a night, but it will require many years' service to enable him to catch up with Uncle Dick, who is now three terrestrial laps ahead of him.

Picture Frames at Porteous.

Special Census Will Be Taken.

Reno now has a good chance to secure a public building. A bill for that purpose has been introduced in the Senate. This is something that Reno needs greatly. The postoffice is housed in a building too small for comfort. There are other Government offices in this city that would have quarters in a Federal building.

In order to convince the lawmakers that there is necessity for the passage of this bill a census is to be taken of all the people who get mail at the Reno postoffice. The number will be an eye-opener to many people who do not seem to realize how rapidly Reno is growing.

The cost of this census will be \$150. Senator Flanigan and Postmaster Kraus have obligated themselves to pay this sum and have employed D. E. Norton to make the canvass. He will begin work at once.

If there are any Renoites who think the getting of a public building worth the expenditure of a dollar or two, they may send their subscriptions to The Journal office and thus relieve the Postmaster and the Senator of a portion of the sum for which they have obligated themselves.

Season's Work Over.

The local apple crop has been exhausted and the fruit packing establishment has closed down for the season.

Another Project.

A mining man who recently made his home in Reno requested The Journal

to agitate the matter of organizing a stock board here. He said that the plan is perfectly feasible and would be a paying proposition.

That part of the proposition is accepted as gospel truth. The only objection for anything of that sort at present is the fact that three or four other fine projects are hanging fire, chief among which is the board of trade.

Paper Candle Shades at Porteous.

Mr. Fogg Recovering.

CUBAN TARIFF QUESTION.

THE Republican leaders in Congress appear to have reached the conclusion that to carry out the urgent recommendations of the President and General Wood concerning commercial concessions to Cuba until an independent government has been established on that island.

While the leaders recognize the soundness of Gen. Wood's argument, they hold that the obstacle in the reduction of duties from Cuba is the decision of the Supreme Court. To remit the duties on articles from one foreign country too, would justify others in asking for the same favors which could not be well refused under existing treaties.

Those who favor ultimate annexation are now opposed to forcing it, or granting it even then, until the Cubans themselves ask for it. That is the Cuban policy of the Republican leaders at the latest development. Once an independent government is set up in Cuba, and placed in full control of the island, under the Platt amendment, as is expected will occur before the end of the present session of Congress, the present feeling of the leaders is that a reciprocity treaty should be negotiated with that government, which will yield to it much, if not all of the favors now asked for on terms to be settled later.

There will of course be strenuous opposition encountered from the beet sugar interests and others in dread of Cuban competition, and they doubtless have it in their power to precipitate a bitter fight in Congress, but the leading Republican Senators are at present untroubled by the prospect. They declare themselves in favor of fair treatment of the Cubans and profess their purpose to extend it so soon as the establishment of a government which can be negotiated with, makes such action possible. Whether Cuba can keep her feet in the meantime remains to be seen. Her complete understanding of the situation which prevents the United States from granting now, the commercial favors asked for, should, however, stimulate her to hasten as much as possible the organization of her government.

POOR AMMUNITION.

THE Carson News has gone anti-Newlands mad and its mania has developed in such an extraordinary form that were it not pitiful it would be almost amusing. It severely criticizes Mr. Newlands for indulging in the most unsentimental eccentricity of investing money in Nevada land and other property. It accuses him of the monstrous offense of asking too much for his State from the national government by congressional legislation and scores him roundly for permitting Speaker Henderson to recognize our insignificant little commonwealth by placing its only member upon the most important committee of the House. These were the principal counts in the News' indictment against our unfortunate Congressman, until a few days ago when it devoted a column and a half of space to prove that he assessed his Nevada constituents to pay his campaign expenses by inducing California stock speculators to invest in Comstock securities. He is furthermore charged with being the cause of the discriminating and oppressive railroad rates which prevailed under the old management of the Central Pacific, thereby, inferentially, being an obstructer to the righteous efforts of the lamented Wallace and the unlamented Stewart in behalf of the people as against the encroachments and oppression of that soulless monopoly, and that the enmity and hatred of the lamented and unlamented for the accused were caused by his mendacious opposition to their patriotic work of railroad reform.

While as a matter of fact Mr. Newlands has little to do in connection with Comstock stock movements in San Francisco as the News' office devil or the deputy constable at Rye Patch, or the matter of railroad discrimination, which has been fostered by his arch enemy Stewart, such charges are not devoid of interest as going to show the desperate straits of papers like the News to find a vent to their spleen, and the necessity of such openings as only serve to display the meagerness of their material for legitimate political warfare against him. The quality of their ammunition is so defective that its force is expended against the butts of the guns, leaving the shooters sprawling, while the target is unaffected by such clumsy and random shots.

EXCEPT occasionally to denounce all opponents to the Dingley law as "free traders" the Republican organs in Nevada studiously avoid all discussion of the tariff question. Either they do not understand it or wisely conclude that silence, upon that matter, is golden, from their political standpoint, and they are right. The Journal has more than once asserted that not fifty persons, actual residents of Nevada are benefitted to the amount of a nickel by any or all of the provisions of the present law, while the consumers of the State are paying an excess in prices for the necessities of life, over those under the Wilson law, to an amount more than three times that of the expense of running the State government. Nevada is not a favorable location for preaching high tariff, and the Republican papers manifest their wisdom

by submitting their side of the question without argument.

THE proposed tariff commission will serve a two-fold purpose—it will make a place for a few political favorites at good salaries, but more than that it will give Congress an excuse for postponing action on a demanded by the people and opposed by the trust beneficiaries of the tariff.

A BOSTON barber lately refused to shave a negro. In Boston too, right under the shade of Bunker Hill! Republican organs that protested so strongly against southern newspapers that condemned the President for dining Booker T. Washington should take that recalcitrant razor engineer in hand.

POINTED POLITICAL PARAGRAPHS.

The Boers did not receive an advance copy of the message.

A large number of interested gentlemen unselfishly offer to revise the tariff.

Solid Comfort
 depends on many things, to be sure—furniture, health, appetite and the where-will-to-eat-it—but for a man his after-dinner smoke, and pleasant surroundings, approach the same of comfort; we furnish the "smoke" in the shape of well-made, fine-flavored cigars—pipe tobacco if you prefer it. Several brands of cigars, from \$5.00 a hundred up, by the box.

MINING IN THIS STATE

Culled News of Nevada's Most Important In- dustry.

The Keystone copper mine in Mason
Valley has been bonded to C. Rosen-
thal.

A. Livingston and A. Cohn of Car-
son located a gold mine near the Moun-
tain House, Monday.

Work has been resumed on Seg-
Belcher ground as a streak of high
grade ore has been uncovered.

The new strike district, six miles
south of Tonopah, is at present at-
tracting the attention of conservative
mining men.

The lumber for the derrick at the
Minnesota Company's oil well arrived
yesterday. It will be hauled to the
ground Monday.—Independent.

The time seems propitious to make
another effort to have the United
States Mint in Carson restored to its
former usefulness and resume coining
—News.

The Curtz-Evans mill at Looper was
forced to shut down last week owing to
the severe freeze. The batteries and
concentrators all froze up, making it
impossible to run this winter. This
is regretted, as everything was work-
ing in good shape.

Gibbert Briggs, A. C. Pratt and
others have a promising prospect near
Lake View in Ormsby county. The
Carson News says a great revival in
prospecting is going on, and enumer-
ates a dozen promising claims which
are being looked after.

Fresh from new fields, where he has
been sampling and deciding the fate of
another proposition which is being
urged upon Capt. De La Mar, Hartwig
A. Cohn president and general man-
ager of the Con. Mercur, came in from
the East yesterday, and will devote
several days to the bonanza at Mercur.

A representative of the Report was
shown samples of stephanite this
morning taken from the stope in the
Consolidated California and Virginia
mine. An assay of the largest sample
showed a value of \$452 in gold and
17,000 ounces in silver per ton, the
total coin value of the sample exceed-
ing \$15,000.

A NEVADA DISCOVERY

Imitation of Rubber Ex- tracted From the Grease Wood.

The Saturday Post, of Philadelphia
contains the following concerning the
Lins-Werner method of extracting
rubber from Nevada brush.

The ingenuity of a Yankee inven-
tor has devised a use for the humble
and unlovely shrub of the Western
deserts known as "greasewood." It has
been found to contain a gum that at
fords a valuable substitute for rubber.

The method of obtaining the gum
which has been newly patented, con-
sists of bruising the woody stalks of
the greasewood, soaking them in a so-
lution of carbon disulphide, and then
drawing off the liquid, which is distilled.
The chemical used as a solvent
is driven off by heat and there remain-
ing in the bottom of the vessel a gummy
stuff, flexible and elastic.

Finally the gummy stuff is washed
and purified, the result being a very
fair substitute for India rubber—so
good, in fact, as to suggest the notion
that some day the American deserts
may be made to yield very satisfactory
profits in the production of raw ma-
terial for gum shoes and bicycle tires.

NOW IS THE TIME

To get in on the ground floor. A lim-
ited number of shares in the capital
stock of the Hesperian Oil Company
will be sold in Reno for one
month of par value.

The first well is being sunk and the
chances are almost conclusive of get-
ting oil. This is the first oil well in
Nevada. The general manager of the
company, A. Lowe, will call upon you
in a few days.

"The new" oil field is located in Elko
county, where are found immense beds
of shale carrying more or less paraffin-
oil.

The fossil lime, which is there in
large bodies, contains the same smell
of marine life and has the same smell
of gas as has the lime that is found
in the Pennsylvania oil fields.

Correct Location Blanks.

Location blanks, made out in the
most convenient form known, and con-
forming in every respect with the min-
ing laws of Nevada, can be had at
The Journal office. Prospectors, or
any one intending to locate a claim
or two should take a look at these neat
and correct notices of location.

SEEDS! SEEDS!

In order to facilitate the delivery
of seeds, Mr. Newlands requests all
those desiring a quota of seeds next
spring, to send in their applications
at the present time, thus assuring an
earlier delivery than would otherwise
be possible. Address all applications
to Francis G. Newlands, House of Rep-
resentatives, Washington, D. C.

ALL AROUND THE STATE

A Few Gleaned Para- graphs of Nevada News.

Two degrees below zero is the Aus-
tin climate.

Last week Eureka people indulged in
the sport of sleighing.

A legal war is in progress between
Humboldt county sheep-band owners.

Matt Plunkett, a resident of Monte-
zuma and Silver Peak for the past 35
years, died at the last named place
Tuesday.

The Carson band now has over forty
members. It is the best musical or-
ganization in the State and a credit to
the capital city.

Virginia City policemen had a bat-
tle with a gang of a dozen hoodlums
Tuesday night. Two of the toughs
were arrested, but the others escaped.

Mrs. Mamie Young, wife of D. H.
Young, died at Tuscarora last Friday.
The deceased was a native of Osborne,
Kansas, aged 23 years, 10 months and 3
days. A husband and two little daugh-
ters survive her.

Robert Cleator has commenced suit
against the Southern Pacific Railroad
Company to recover \$25,000 damages
for injuries sustained by being ejected
from a train while it was running at
a high rate of speed.

Miss McAulley, a sister of John Mc-
Aulley, who perished on the desert
about 30 miles from Coyote Springs
and eleven miles from Cherry Creek
last July, and had the remains of her
brother brought in for burial.—Pioche
Record.

The Examiner states that the South-
ern Pacific management has invited
bids for the reconstruction of seventy-
five miles of the Central Pacific's main
line. The object of this work is to re-
duce grades and take out curves, and
is part of a general plan to modernize
the Central Pacific in all respects. All
grades between Wadsworth and Ogden
that cannot be entirely eliminated are
to be reduced to a maximum of one-
half of 1 per cent.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been
branded by the most competent author-
ities. They have dispelled the silly
notion that one kind of food is needed
or brain, another for muscles, and
still another for bones. A correct diet
will not only nourish a particular part
of the body, but it will sustain every
other part. Yet, however good your
food may be, its nutriment is destroyed
by indigestion or dyspepsia. You must
prepare for their appearance or pre-
vent their coming by taking regular
doses of Green's August Flower, the
favorite medicine of the healthy mil-
lions. A few doses aids digestion,
stimulates the liver to healthy action,
purifies the blood, and makes you feel
joyant and vigorous. You can get
Dr. G. G. Green's reliable remedies
at Hodgkinson's drug store.

A WOMAN'S AWFUL PERIL.

"There is only one chance to save
your life and that is through an op-
eration," were the startling words heard
by Mrs. I. B. Hunt of Lime Ridge,
Wis., from her doctor after he had
vainly tried to cure her of a frightful
case of stomach trouble and yellow
jaundice. Gall stones had formed and
she constantly grew worse. Then she
began to use Electric Bitters which
wholly cured her. It's a wonderful
Stomach, Liver and Kidney remedy.
Cures Dyspepsia, Loss of Appetite.

L. C. Overstreet, of Elgin, Tenn., "to
hear my wife cough until it seemed her
weak and sore lungs would collapse.
Good doctors said she was so far gone
with Consumption that no medicine or
faithful help could save her, but a
friend recommended Dr. King's New
Discovery and persistent use of this
excellent medicine saved her life." It's

SYRUP OF FIGS
NEVER IMITATED QUALITY.

An Excellent Combination.

The pleasant method and beneficial
effects of the well known remedy,
SYRUP OF FIGS, manufactured by the
CALIFORNIA FIG SYRUP CO., illustrate
the value of obtaining the liquid laxa-
tive principles of plants known to be
medicinally laxative and presenting
them in the form most refreshing to the
taste and acceptable to the system. It
is the one perfect strengthening laxa-
tive, cleansing the system effectually,
dispelling colds, headaches and fevers,
gently yet promptly and enabling one
to overcome habitual constipation per-
manently. Its perfect freedom from
every objectionable quality, and sub-
stance, and its acting on the kidneys,
liver and bowels, without weakening
or irritating them, make it the ideal
laxative.

In the process of manufacturing figs
are used, as they are pleasant to the
taste, but the medicinal qualities of the
remedy are obtained from senna and
other aromatic plants, by a method
known to the CALIFORNIA FIG SYRUP
CO. only. In order to get its beneficial
effects and to avoid imitations, please
remember the full name of the company
printed on the front of every package.

Mailing Monkey on His Dignity.

After quoting The Journal's interview with Chief Clerk Watkins of the railway mail service in which the latter says that if all the papers in the State took as much care in addressing their papers as The Journal the clerk about the mail service would ease, the Independent says:

"All of which goes to show that Mr. Watkins does not know what he is talking about. With all the care the Reno Journal takes with its mail, that paper fails to turn up in this office about as often as the rest of the exchanges from the Western part of the State. If Mr. Watkins has spent his time in investigating the rotten condition of the mail service on the Central Pacific instead of blowing off hot air in the Journal office, his opinion could have more weight."

The Journal's mailing monkey is lighteously indignant. He says that the Independent man is condemned by the Supreme Being as a prevaricator. He further adds that even if he is corruptive, anaemic, half paralyzed and cripple he is willing to give Mr. Watkins an opportunity to meet him in the alley at sunset.

A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance, or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Hodgkinson's drug store. Get Green's Special Almanac.

Will Reno Have a Street Fair?

Archie Levy, the promoter of street fairs, has paid a visit to Reno for the purpose of sounding the people relative to giving one of these popular entertainments here.

Of all the big events that has taken place on this Coast throughout California, the Street Fairs have grown in gigantic proportion.

Sacramentans, for the coming year, are now arranging for their big Street Carnival. Its citizens have already raised \$15,000, and before the subscription list is entirely closed \$30,000 will be raised. It will be one of the biggest fairs ever held in the State of California.

To our citizens who do not realize and know what an event of this kind is it would not be out of place here to give them a few facts. A Street Fair takes the place of the old fashionable County Fair. It is nothing more or less than a mining, agricultural, horticultural, mechanical and electric exhibition interspersed with the side shows of all kinds and nature and a big vaudeville show upon our streets. Our buildings, stores and private residences decorated with colors emblematic to our section of the country, from house-top to house-top, in fact, it is a scene that is not forgotten.

It is one of the most imposing sights to witness the coronation of the Queen and change from sublime to ridiculous, when the Queen abdicates her throne in favor of the king and his Court. When the King takes possession of the City, a scene of revelry then takes place. The parade of the King and his court is a scene well worth seeing, laughable in the extreme, from the entry of the king to the exit. There is nothing more or less than one continual round of laughter.

MERRY CHRISTMAS!

Hang your stocking high. Let it be the biggest one you've got in the house, —a union suit, if you've got one—for Santa Claus may bring you something too large to go into a pair of socks.

We suspect that there'll be a good many slippers in Santa Claus' pack on Christmas Eve, for we've never sold so many as we did this season—and if you get a pair of the kind we sell you'll be one of the happiest mortals alive. By the way, there's quite a nice line of slippers here yet—enough to satisfy almost any taste. If you haven't picked the gift yet, why not make it slippers from
